

## Dear Consignor

Enclosed you will find sale rules for the Mississippi Valley Morgan Horse Club sale, and a consignment form for the sale. Please send your completed consignment form, and any other necessary paperwork, and the required fees to the address below. The closing date for the catalog is **February 15, 2010** and it is important that your consignments arrive by that date so that your horse(s) can be listed in the catalog. The catalogs are widely distributed and information about your horse(s) will also appear on the sale's web site, so it is in your best interest to send your paperwork in as soon as possible.

Sale coverage on the MVMHC web site means that the information about your horse(s) will reach even wider audience, and that your horse's description, pedigree, and picture can be publicized even before the catalogs are mailed out. As soon as all necessary forms and fees are received, your horse will have a place on the web site. This was a big success last year and we are pleased to offer you this opportunity for even more publicity for your consignments!

One more change is in place for out-of-state horses. Beginning February 1st, 2004, all horses entering the state of Illinois will need a permit number. This can be obtained at the time you get your health certificate (also required) the phone number for the permit is (217)782-4944, available around the clock. Your veterinarian probably has this information already, **All horses will need a health certificate, dated within the last 30 days prior to the sale**, but no permit number is needed for Illinois Horses
